

The Complete *Picture*

THE LOXLEY COLOUR FRAMING BROCHURE

33 FRAMES STYLES ACROSS 33 SIZES
OVER 1000 COMBINATIONS!

PRESENTATION IS EVERYTHING...

Have you ever thought how much time and money you spend when you have to take a print to your local picture framer, choose the frame, mount and finish and then get it framed and back to the studio? To make things worse, you then have to wrap it up and make it presentable to your customer which adds more time and expense.

Our Framing solution will help eliminate all these factors and will give you a finished product, carefully packaged in its own presentation box, ready to hand to your customer. All you need to do is to drop the images into your chosen mount style, choose your frame and send your order to us using Loxley ROES. After 7 working days your frame will be delivered back to you ready to hand to your client.

With over 1000 combinations of styles and frame moldings to choose from, using Loxley ROES ordering is an absolute breeze. You can preview your framed print before you send it, making sure you are happy with the frame and mount style.

Every aspect of our finished framed prints carry the Loxley seal of quality and each one is individually hand assembled by our highly qualified craftsmen. All the materials we use are sourced from the best suppliers in their field allowing us to offer amazing value for money.

We use high visibility acrylic to finish your framed prints which gives the same clarity and definition as glass with an added durability and longevity.

To help you get started, you can order your chosen frame samples, mounts and a display board on Loxley ROES. We will also be delighted to offer an introductory discount of 20% on your first order no matter what size your choice is!

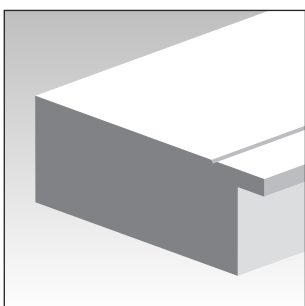

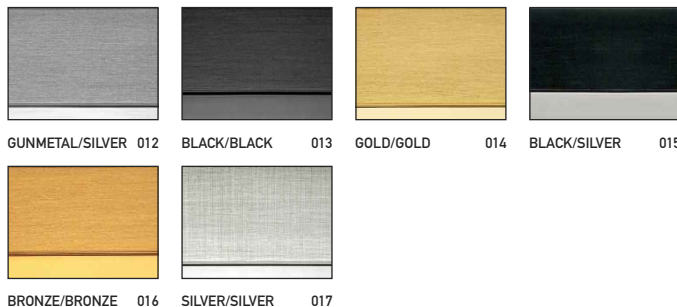

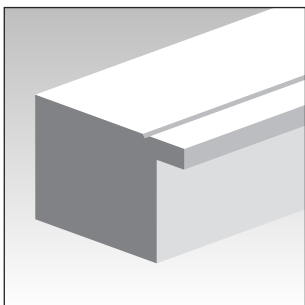

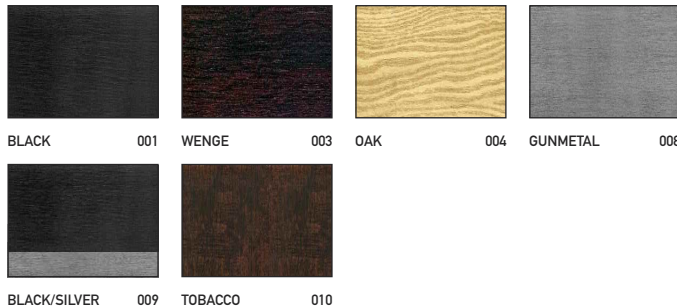

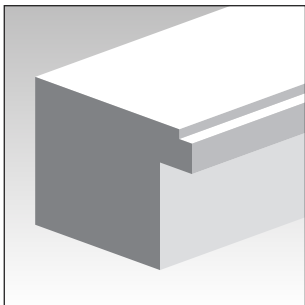

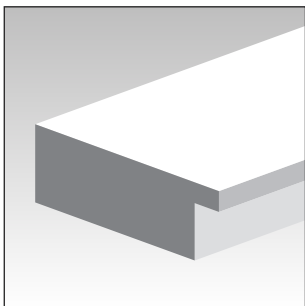

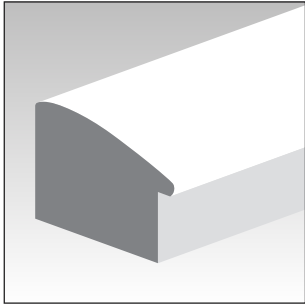

We know you will love our framing service and your clients will be astounded with their quality and finish. Please see our price list for samples and visit our website for further information.
